

# MOP AND GO

## Technical Data Sheet

### ENZYME FLOOR CLEANER & DEODORIZER

#### DESCRIPTION:

MOP AND GO is a highly concentrated no-rinse formulation of multiple enzymes and surfactants that not only clean and deodorize soiled floors, but also keep on cleaning and deodorizing as long as the floor is wet. It:

- Destroys the source of odors through safe bio-enzymatic attack
- Is effective against urine odors
- Attacks odors from decomposing food
- Deodorizes smells from pets
- Removes vomit odors
- Cleans while deodorizing
- Is ideal for restroom odor control
- Emulsifies soils
- Contains no phosphates
- Is pH neutral

#### USES:

For the removal of soils, greases, oils and fats from hard, non-porous surfaces. Designed for use in industrial, institutional and food service areas.

#### DIRECTIONS:

1. Sweep area being cleaned
2. Pour 1-2 ounces of MOP AND GO into mop bucket filled half way with water.

#### DIRECTIONS (Continued):

3. Mop the floor with a figure eight motion.
4. Change the cleaning solution as it becomes soiled.
5. Let the floor air dry.

#### CAUTIONS:

**HARMFUL IF SWALLOWED.**

**KEEP OUT OF THE REACH OF  
CHILDREN**

#### EMERGENCY ACTIONS:

If eye is contacted, flush thoroughly with water. If irritation persists, seek medical assistance.

If ingested, do not induce vomiting, give large amounts of water and seek medical assistance immediately!!
