

DELIME C

Technical Data Sheet

READY TO USE, GENTLE YET EFFECTIVE REMOVAL OF MINERAL DEPOSITS.

DESCRIPTION:

DELIME C has been designed for use where hard water has led to films and stains from soaps, minerals and other substances. It is mildly acidic but not harmful to most surfaces.

USES:

To remove stains, deposits and discolorations from bathroom fixtures, sinks, faucets, shower heads, dishes, coffee pots, food service equipment, glass and many other interior and exterior surfaces

LIQUID PROPERTIES:

pH....	5.4
COLOR.....	Pale Yellow
DENSITY.....	8.45 #/GAL
FLAMMABILITY.....	Non-Flammable
SHELF LIFE.....	1 Year 22°C 30 Days 50°C
STABILITY.....	Freeze-Thaw Stable
ODOR.....	Mild Citrus Odor

DIRECTIONS:

FOR TOILET FIXTURES:

1. Drain all water from the fixture being cleaned. (For toilet bowls, turn off water and flush toilet - For urinals, use a bowl swab or brush to push excess water down the drain)
2. Open the flip top and squirt a generous bead of liquid under the bowl rim and around the bowl.
3. Allow to sit for 5 - 10 minutes.
4. Depending upon how stained the surface is, either swab or scrub the entire surface.
5. Flush to rinse.

6. Repeat the process for very heavy mineral deposits.

FOR OTHER SURFACES

1. Apply DELIME C to the surface by use of a clean rag or cloth that has been wet with the product.
2. Wait a few minutes and rub until dry with a clean dry cloth.

CAUTIONS:

Avoid contact with eyes.

Eye and skin protection suggested when using this product.

KEEP OUT OF THE REACH OF CHILDREN

EMERGENCY ACTIONS:

If ingested, give large amounts of water or milk. Do not induce vomiting and seek medical attention at once! Maintain normal temperature to avoid shock.

If eye is contacted, flush with water . If irritation persists, see a doctor.

For external skin contact, remove contaminated clothing and wash thoroughly with water.
